

Compaq Evo Notebook N800v

Performance you demand, mobility your desire.

The Evo™ Notebook N800v is an excellent value that provides high-performance and full functionality in a thin and light notebook. It features Mobile Intel® Pentium® 4 Processors, ATI Mobility Radeon 7500 graphics, large 14 or 15-inch panels and extended battery life. It provides mobile freedom with the modular integration of wireless features, options and dual battery support. The flexible design of the notebook provides easy configuration and upgrades to suit any situation.

The Evo Notebook N800v provides the performance the user demands and the mobility a user desires.

Intel P4 Processors and Chipset

The latest Mobile Intel® Pentium® 4 Processor-M is the foundation of the Evo Notebook N800v leading-edge performance features.

Large Bright Panels

Offered with up to SXGA+ resolution (1400x1050), the large 15-inch panel – equivalent to a 17-inch monitor is enclosed in a magnesium shell.

High Performance Graphics

The ATI Mobility Radeon 7500 graphics controller with up to 64 MB of DDR (double data rate) SDRAM handles the most demanding 2D and 3D graphics applications.

Latest Digital Interfaces

The Evo Notebook N800v incorporates USB 2.0, the latest USB Standard, offering an interface, which is 40 times faster than USB 1.1.

High Capacity Hard Drives

The Evo Notebook N800v offers a breadth of hard drive sizes including a standard 30GB (up to 60GB) that provides true desktop storage capacity.

Innovative MultiPort

MultiPort is a flexible, innovative solution providing customers the ability to connect to their choice of

wireless standards such as 802.11b or Bluetooth™. This can be achieved by simply changing out a high-performance wireless module, which is integrated into the top of the notebook. The award-winning MultiPort offers a cost effective means to migrate to future wireless standards as they become available without having to purchase.

MultiBay

The versatile MultiBay accepts a variety of removable media drives such as DVD/CD-RW combo, CD-RW, DVD, CD-ROM, Zip 250, and LS 120, as well as a second battery, hard drive, or diskette drive.

Extended Battery Life

With dual battery support, the Evo Notebook N800v maximizes critical battery life for improved mobile productivity.

Ease of Use

Features one-handed panel release latch and simple battery removal.

Thoughtfully Integrated Features

Soft-touch surface for wrist comfort, 4-way internet scroll mouse and front speaker location for optimum sound quality. The Notebook N800v also incorporates a contour door to protect system connectors and make carrying the system more comfortable.

Thin and light

The Evo Notebook N800v also offers leading-edge features in a thin and light design - from 5.6 lbs. light and 1.3 inches thin.

Connectivity

The Evo Notebook N800v makes it easy to stay connected with the industry standard integrated Mini-PCI modem (V.92), integrated NIC, or optional wireless MultiPort or PC Card devices.

Benefits at a Glance

- > **Excellent Value.** Optimal combination of price and performance
- > **Thin and Light.** 1.3 inches thin and as light as 5.4 lbs
- > **Performance.** Mobile Intel® Pentium® 4-M processor, ATI Mobility Radeon 7500 graphics, USB2.0
- > **Full Functionality.** Large Hard drive capacity and the latest optical storage options
- > **Flexible Design.** MultiBay and MultiPort features provide on-demand flexibility and investment protection
- > **Service and Support.** Includes a limited one year world-wide warranty

| Standard Features | Compaq Evo Notebook N800v | |
|-------------------|---|-----------------------------------|
| Processor | > Mobile Intel® Pentium® 4 Processor-M ¹ (1.6 GHz, 1.7 GHz, 1.8 GHz) | |
| Memory | > 256 MB DDR SDRAM standard expandable to 1024 MB using two slots | |
| SMART Hard Drives | > Standard 30 GB up to 60 GB – 5400 RPM | |
| Cache | > 512 KB integrated cache | |
| Architecture | > PCI | |
| Optical Drive | > Standard 8X DVD-ROM | > Optional DVD/CD-RW |
| | > Optional CD-RW | > Optional 24X CD-ROM |
| Diskette Drive | > Optional 1.44 MB | |
| Audio | > Dual Integrated JBL Pro Speakers | > 16 bit stereo sound |
| | > Headphone and Microphone Jacks | |
| Graphics | > ATI Mobility Radeon 7500 graphics controller and 32 or 64 MB DDR SDRAM | |
| Screen | > 14.1 inch Color TFT, 1024x768, XGA resolution; or > 15 inch Color TFT, 1400x1050, SXGA+ resolution | |
| Communications | > Type III Mini PCI 56K (V.92) modem, integrated 10/100 NIC (LOM) | |
| Battery | > 8-cell Lithium-Ion technology > Dual battery support through the MultiBay > SBS Battery Architecture | |
| AC Adapter | > External | |
| Ports/Connectors | > USB 2.0 port (2) | > Parallel |
| | > Infrared Port | > VGA |
| | > Microphone in | > Docking |
| | > Stereo Speaker/Headphone out | > DC In |
| | > S-Video | > RJ-11 and RJ-45 |
| | > PCMCIA (1) | |
| Keyboard | > Full sized keyboard with 3 Programmable Easy Access Internet Buttons | |
| Pointing Device | > Touchpad | |
| MultiBay | Accepts MultiBay devices, such as: | |
| | > DVD/CD-RW | > Second Hard Drive |
| | > CD-RW | > Diskette Drive |
| | > 8X DVD-ROM | > Iomega Zip 250 |
| | > 24X CD-ROM | > LS-120 |
| | > Second Battery | > Weight Saver |
| MultiPort | > Integrated MultiPort expands functionality through optional user removable MultiPort Modules. MultiPort modules can provide integrated wireless communications and enhanced security features. The MultiPort interface is based on the USB Industry Standard Specification. | |
| Dimensions | > 1.3 x 12.48 x 10.1 inches (H x W x D) > 3.30 x 31.7 x 25.65 cm | |
| Weight (min.) | > 5.6 lbs/2.54 kg | |
| Security Features | > Configuration Control Hardware | > Power-On Password |
